Dear Admiral Turner:

I am delighted to learn that you will meet with our group of Western European industrial and financial leaders at Langley on Tuesday, October 18 at 4:00 p.m. All of us at Time Inc. are grateful to you and I am very sure that this will be a high point of our Update On America '77 visit.

John Steele of our Washington office will be in touch with your office with a final list of our visitors and those of us from Time Inc., who will be escorting them.
